**LAUNCH YOUR  
NEW CYBER  
CAREER  
TODAY**

# THERE IS A GLOBAL SHORTFALL OF 3.4 MILLION CYBER PROFESSIONALS

With over 3 million open cyber security jobs available worldwide, there's never been a better time to embrace this fascinating career. Cyber is **NOT** just a world of code and cryptography, it's an environment requiring capable people, people who can think differently.

Flexible, creative and quality driven individuals who will improve systems and demonstrate an aptitude for the variety of technical, governance and communication aspects these roles employ are what is demanded today.

But we know what you're thinking. "Surely, it takes a decade to acquire the level of skills and knowledge demanded." Indeed, it could, but what if we explained how to expedite your personal development and compress your professional timescales in ways that allow you to launch and accelerate a whole new vocation in cyber security?

## What you will gain:

Our unique cyber security seminar provides you with a realistic and cost-effective 100 day plan, presenting the tools, transferable skills, pathways and confidence to command a better entry level salary. You'll have what it takes to invigorate your CV and impress as a potential candidate at the start of your journey to become a cyber security sensation for your next employers.

**DISCOVER ALL  
THE KEY SKILLS  
NECESSARY**

## FORECASTED \$10 TRILLION LOSSES TO CYBERCRIME BY 2025

That's what cyber attacks are forecasted to cost organisations globally by 2025. Not millions, not billions, but in excess of 10 trillion dollars! And experts agree that the cyber-crime headache is showing no sign of slowing down.

This is a 10% "hit" on total global GDP that demands a worldwide coordinated response and skilled people with the appropriate talent, and abilities to make a difference.

By acquiring valuable cyber skills and "know how", you will be able to make a difference economically, both personally and professionally, while appreciating the bigger picture and landscape of any organization you work with.

**ACCELERATE  
YOUR CAREER  
PROSPECTS  
TODAY**

### Who is our seminar aimed at:

Our unique seminar is targeted at motivated self starters with a hunger and capacity to grow and develop. It is ideal for career minded parents, graduates, school leavers and anyone looking to simply change direction, reboot or enhance their current situation. A career in cyber is a fascinating journey that opens up future opportunities.
